

Former County Man To Assume Duties Of Police Chief

At a special meeting of the Newmarket town council Saturday afternoon, the report of the police committee, recommending the employment of former county constable Donald Watt as chief of the Newmarket force at a salary of \$4,100 plus a \$9 car allowance, was adopted unanimously.

James F. Leader, former chief constable, assumes the position of deputy-chief constable at a salary of \$4,000. Earl Wrightman, a recent member of the Newmarket force, will receive a salary of \$35. Both Wrightman and Leader will attend police school.

Mr. R. Curtis will continue as night patrolman with a salary of \$3 a night. The report of the committee also recommended early consideration of a pension and medical plan for the force. Councillor J. A. Perks, chairman of the police committee, said that as far as he knew, the changes in the police force were agreeable to the members of the force.

Mr. Leader has been a good chief of police but it was felt by the committee that Mr. Watt had more experience and training, said Councillor R. C. Morrison. "We are in a much better position with two men on the force with experience for the job of chief," said Mayor Dr. L. W. Dales.

"We are meeting changing conditions on the police force," said Mayor Dr. L. W. Dales. "We must also be prepared to meet the problems of a growing town where the fire brigade is concerned." At a previous meeting, Mayor Evans had suggested that a man be hired for permanent duty at the firehall.

GLAD SHOW AUGUST 31

The Horticultural Society will hold its annual gladioli show in Trinity United church Sunday-school room on Saturday, Aug. 31. Entries must be placed by 7.30 p.m. Friday evening.

NEWMARKET RIDERS TO RACE AT AURORA

Several Newmarket cyclists are entered in the five-mile bicycle race sponsored by the Aurora branch of the Canadian Legion on Labor Day. The race will start at 11 a.m. from Aurora town park. Riders from Newmarket include Orla Larsen, Barney Westcott, Ed. Morrill, Len. Russell and Bob Benville. Newmarket riders are now using the fair grounds race track and the club hopes to have a track race there soon.

TAKEN TO HOSPITAL

Noel Goodman, young daughter of Mr. and Mrs. Isha Goodman, Main St., was taken to York County hospital suffering from bruises and shock after she had collided with a truck driven by Stewart Martin on Main St. Wednesday afternoon.

Elmhurst Couple Killed When Car Skids Into Trees

George Sheldon, 50, operator of a dairy store at Elmhurst Beach, near Keswick, died in York County hospital here at 11 o'clock Wednesday night, about four hours after he and his wife were admitted with injuries suffered in a traffic accident near Aurora at Nicholl's Hill. Mrs. Sheldon died early this morning. Police said the Sheldons, who formerly lived on Belgrave Ave., Toronto, were driving south on No. 11 highway when, it is believed, their auto skidded on the wet pavement and crashed into two trees.

Dr. C. J. Devins, Aurora, had the injured and unconscious couple removed to hospital here. Mr. Sheldon partially regained consciousness before he died of head injuries.

KEITH DAVIS WINS MEN'S SINGLES CUP

Keith Davis, president of the Newmarket tennis club, defeated T. B. Scott in the men's singles final 6-4, 8-6, to win the N. L. Matthews trophy on Monday night. Mrs. Margaret Sherwood defeated Mrs. Dorothy Bowman 6-0, 6-0, to win the ladies' singles title and the Ella Lyons trophy. Mr. Scott and Mrs. Margaret Davis made the presentations.

1,625 Miles In Six Days, See New York, North Bay

Two hitch-hiking enthusiasts, Betty Cooper, daughter of Mr. and Mrs. Wm. Cooper, and Marjorie Balle, both of Newmarket, returned Friday evening from a week-day trip to northern Ontario and New York. Leaving Newmarket last Saturday morning, they reached North Bay Saturday evening, spending the night there and beginning their trek south and east to New York City the following morning. The girls brought back tales of a friendly reception they were given by the Americans, offers of meals, shelter and transportation. One doctor from Long Beach even dished out a salmon sandwich from a supply he carried in the rear of his car. Manhattan, Brooklyn and Con-

James S. Law was promoted to the position of vice-president and general manager of Dixon Pencil Co. Ltd. of Canada at a meeting of the board of directors in Jersey City August 19. Mr. Law was formerly general manager.

UNVEIL WINDOW

A memorial window was unveiled at Sibbald's church, Jackson's Point, recently in the memory of FO David Ulrichsen who was drowned when his plane was shot down overseas. Bishop Beverley, Toronto, performed the ceremony.

Juniors Even Count Against Stouffville

Newmarket Redmen got themselves right back into the Ontario Baseball Association play-offs at the local ball park on Saturday. The locals had much the better of the argument as they laced the visiting Stouffville nine 19-9. The victory squared the series at one game each in the first round of the O.B.A. play-downs. The largest crowd in several seasons turned out to witness the game and most of the fans stayed around until the final out was recorded, as the teams took almost three hours to get the nine innings down on the record books.

After being down 4-2 at the end of the second, the Redmen came to life at the plate with a vengeance and hopped right on to the offerings of "Speedy" Spelman, ace of the Stouffville mound corps. In both the third and fourth the Redmen came over with four runs to give them a comfortable lead and continued to add to their total as each inning unfolded.

In the seventh frame, the locals really got cracking with the willow to pound out five runs on Jim Rutledge's single and Loring Doolittle's double, five walks and an infield error. The barrage of hits and walks sent Spelman into the discard and brought Rows, who pitched all season for Milliken, onto the mound, holding the Redmen to two runs in the two innings he worked.

Red Palmateer had a field day at the plate whacking out a triple, a double and a single. Catcher Loring Doolittle cashed in with two doubles and a single, while Short-Stop Jim Rutledge and Gar Doolittle both had two safeties to their credit. The Newmarket infield played errorless ball throughout. Gar Doolittle, patrolling the centrefield pasture, hauled down two long drives at the fence to keep the hit-hungry Stouffville batters off the base-paths. Bill Johnston and "Motts" Thoms also played faultless ball in the outer garden.

Tommy Dales worked on the mound for the canal-town forces and set the visitors down with two hits. In the seventh Dales got into difficulty, running into a streak of wildness that put three Stouffville men on the bases and Sellers sent these scampers home with an inside the park homer. Ken Broughton took over from his team-mate at this point to put out the fire and keep them from carding any further runs.

The first game of the finals between Newmarket and Stouffville, and which Newmarket lost 11-1, must be played over because of a technicality involving a Stouffville player. The Newmarket team goes to Stouffville Saturday afternoon for this purpose.

Newmarket, 19 runs, 14 hits, 2 errors; Stouffville, 9 runs, 4 hits, 5 errors.

PARENTS' NIGHT TONIGHT

A parents' night is planned at the Lions club park to mark the closing of summer activities there. The program starts at 6.15 p.m.

PLAY TONIGHT

Beeton meets the Newmarket junior squad in an exhibition baseball tilt at the Stuart Scott grounds tonight. The Newmarket team is one up in the finals with Stouffville, having won the game Saturday. The first game, which was lost to Stouffville, must be replayed.

FOUR LARGE SPUDS WEIGH OVER 5 LBS.

Four potatoes, each large enough to keep a good sized family in spuds for a week with something left over for soup, were brought into The Era and Express office Monday by T. H. Oosterhuis who farms near Ansonville. Mr. Oosterhuis says that his potato crop is promising and after seeing the size of the four potatoes he displayed, there can be no doubt of it.

Miss Lillian Smalley at Frank Bowser's grocery store weighed the big ones. The largest one weighed 2 1/4 lbs. The others were 2 1/4 lbs., 1 3/4 lbs. and 1 1/2 lbs. for a total of the four of 8 1/4 lbs.

FAMILY ASSEMBLES, PLANS ANNUAL MEET

A garden party and shower was held over the weekend at the home of Mr. and Mrs. Wm. Johnston, Gorham St., for their nephew, Ian McMillan Morrison, Toronto, and his bride, the former Margaret McTavish, Edinburgh, Scotland. It was the first time all members of the Johnston family were present at the same time and it was decided to make the reunion an annual event.

Guests included Mr. and Mrs. William Morrison and daughter, Margaret, Milton; Mr. and Mrs. A. G. Frame and son, Graham, Toronto; Mr. and Mrs. A. G. Johnston, Toronto and Oshawa; Mr. and Mrs. I. C. Johnston and daughter, Patty, Toronto; Mr. and Mrs. C. D. Morrison and daughter, Sheila, a friend, Toronto; Mr. and Mrs. Beverley Johnston, Toronto; Mr. and Mrs. Sorton, Toronto; Miss Yvonne Johnston, Toronto and Hamilton, who is now vacationing with her parents, Mr. and Mrs. William Johnston. Mr. Wm. Johnston was a sergeant-major at the Newmarket military camp.

ENTERTAIN VISITORS

Rumors Of Polio In Town Squelched By Probe Of M.O.H.

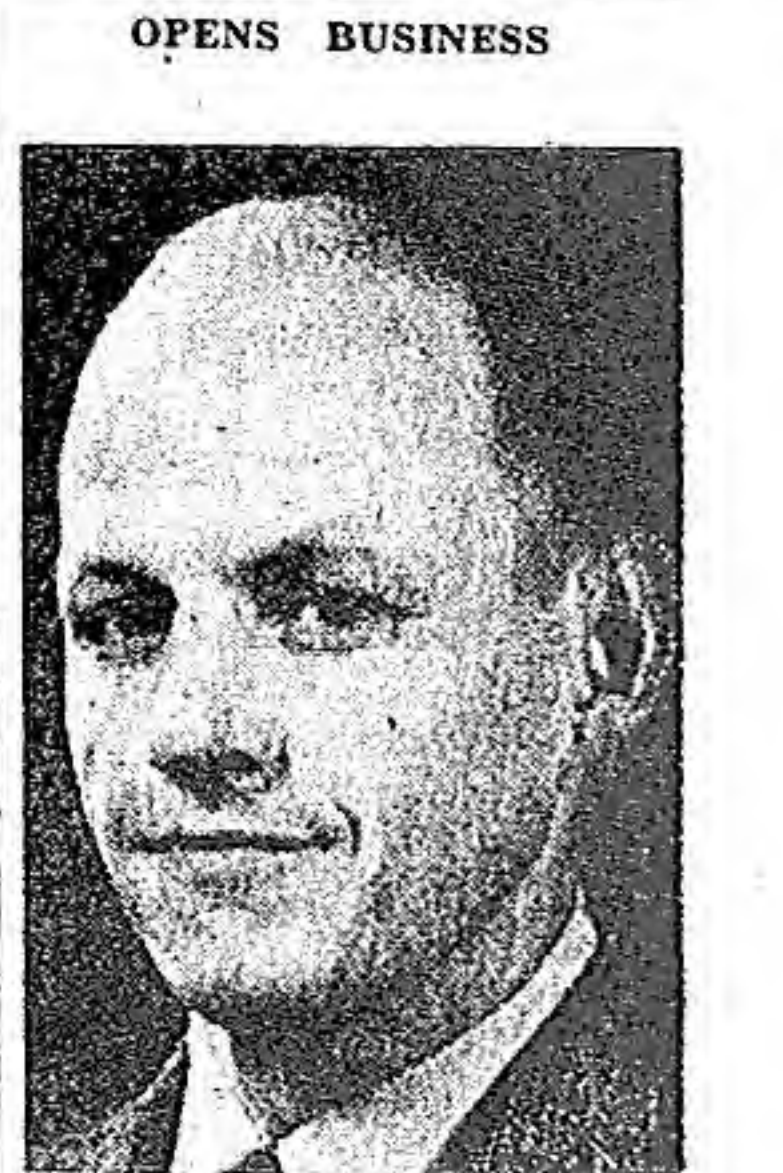

Dr. J. H. Wesley, medical officer of health for Newmarket, said Wednesday that there was no truth in the rumors that there was a case of infantile paralysis in Newmarket. "There have been no cases reported to me, and I have investigated the source of rumors that there was polio in Newmarket and found it false," Dr. Wesley said.

Early this week, Newmarket was swept by stories that a serious case of infantile paralysis was located in town. The medical officer, local doctors and The Era and Express office received many enquiries from worried parents. "There is no reported case of paralysis in Newmarket," Dr. Wesley said.

Dr. Wesley pointed out that the regulations of the Public Health Act require the isolation and placarding of all cases until 14 days after the onset or until all acute symptoms have subsided and temperature is normal. According to the act, a suspected or doubtful case is to be isolated until the diagnosis is conclusively confirmed or disproved.

"Observation of these directions will tend to prevent the circulation of many ill-founded reports," said Dr. Wesley.

Dr. Wesley drew the attention of Newmarket parents to the following precautions: keep children away from crowds such as at picnics, theatres, summer camps; avoid swimming in waters that might be contaminated; control of house flies and mosquitoes; wash or cook all fruits and vegetables before serving; boil or chlorinate drinking water where supply is questionable; use only pasteurized or boiled milk or cream; keep outside toilets clean; proper disinfection of the discharges of all suspected cases; postpone surgical operations where possible.

VanZant Chalks 28th Win As Vets Scatter Radio Boys

Sponsor James Walker's Roger Majestic seniors were here Friday evening to help tune up the McDonald set for their coming important O.A.S.A. series with New Toronto. The teams gave a peppy display of defensive ball for three choruses then Veterans dialed in the power and Rogers faded on an 8-1 beat.

Old "Sarge" McDonald looked pleased as punch to see his squad scatter the natives in Lions park with terrific home runs. He said, puffing contentedly on a big, enticing Havana, "I hope they're not fresh out of home runs for Saturday."

Bill VanZant let the electricians down with eight hits and whiffed ten to chalk up his 28th victory of the season. "First Mate" Gibeay snapped his batting slump by spanking out two home runs and a single. Stan Evans also hit for the circuit. Stepak and Mair provided the fielding features. Mair moved fast on Robinson's hit to double Younger off first. For the radio team, Smith, Rhuel and Robinson looked best.

If Mair, Smith and Stan Evans can keep up their current hitting clip and Sam Gibeay's eldest lad continues his spree, the Vets might surprise the wisecracks in the coming series with the super-duper New Toronto nine.

Newmarket Ladies Rout Aurora In First Play-off

Newmarket and Aurora girls met Thursday in the first game of the league play-offs. The Courtney-VanZant troupe staged a grand parade as a diversion for the carnival customers. They hardly wrinkled their curls to rout Ab Hulse's proteges 18-5. Aurora was minus Schroeder and Co. who have mustered out of the army.

Phil Osborne and Wee McInnes each had five for five for a total of nine runs. Mary Osborne, Edna McGrath and Cook and Whitehurst of Aurora all rang the bell in the midway with home-run clouts.

Newmarket had a soft night at field but Lols Blight-handled a couple of hard-hit grounders stylishly. Aurora fielders were as busy as hens with Rogers, L. Case and Maaten turning in some sparkling plays.

Neck-out department: Aurora was not as bad as the score would indicate. Promising young players form the nucleus of a club that with a little schooling would show wonderful improvement. A batter bunting five times in succession with infield playing deep; base runners tagging up on fly balls with two out; infielders constantly throwing behind the runners; outfielders always out of position. Such elementary mistakes are the results of inefficient coaching. Good ball players don't just grow up like Topsy.

DONATES TROPHY

Deputy-Reeve J. L. Spillette, Newmarket, has donated a trophy to the North York softball league in which the Newmarket veterans play. The trophy is up for annual competition with the winner in three consecutive years keeping it.

COMMONS COMMITTEE WASTE OF TIME

The House of Commons committee on industrial relations, set up to enquire into the causes of industrial unrest in Canada, has sent its report to the house. The report includes recommendations for: dominion-provincial conference to draft a labor code; closer contact between prices and labor boards; speedier decisions from labor boards; continued wage control to ensure price control; union security upon certification; revision of picketing laws; government supervision of strike votes; the implementation of order-in-council 2901 (applying to the steel strike) with "such modifications as the government may determine."

The committee condemned breaches of the law by both management and labor, and the refusal of both factions to have recourse to the legislative machinery set up to handle industrial disputes.

The committee's report followed weeks of hearing witnesses from the government, management and labor. The committee examined a wide range of view points, recorded thousands of words of evidence. From its deliberations, it was able to offer only one effective recommendation, that a labor code be drafted. Its other recommendations and condemnations bear on this one point. As a last minute attempt to find a way out of the morass of industrial disputes into which this country has sunk, the committee's efforts were wasted. Surely a committee was not necessary to recognize that the existing hodge-podge of legislation with its inconsistencies and its expedients could not last.

The fact remains that the steel strike has continued with its harmful effect on the whole Canadian economy. Apart from an order-in-council of no value at all, and the appointment of a conciliator who has failed to bring a settlement, the government has not acted. The appointment of a committee to enquire into the causes of industrial unrest served as a distraction from the main issue, that of resuming steel production, and nothing else. It was not within the province of the committee to act on the steel strike except as it came within the general scope of its enquiry, a fact often forgotten.

At no time during the debate on the report of the committee was there a clear statement on labor policy. No matter how earnest federal legislators may be in their efforts to bring relief from industrial disputes, their intentions are confused by the lack of understanding of what is involved. Political considerations, witch hunts, and a refusal to recognize changing conditions all lent their influence to turning a debate which should have ended in the definition of a government's obligations where labor is concerned into an inconclusive argument.

And at the weekend, the steel strike was still in progress.

RECREATION COUNCIL APPEALS FOR AID

The Newmarket Community Recreation Council has completed its summer program and is preparing for the fall and winter months. Tentative plans emphasize adult recreation, and the provision of open air rinks at the three public schools. The Newmarket town council has indicated its approval of operation of the Newmarket Memorial Arena by the recreation council.

During the summer, the recreation council operated swimming instruction classes at Lake Wilcox, provided supplementary playgrounds for the younger children, gave financial assistance to the tennis club and similar organizations, and encouraged baseball and other sports for high school and grade school children.

To finance this program, the recreation council conducted a canvass of industry, organizations, and private citizens. With the contribution of the Newmarket town council of \$500, and with the provincial grant (including the share to the Lions club which was returned to the recreation council by the club) of \$881.76, total receipts on Aug. 17 were \$3,299.52. Of this amount, \$390.95 was contributed by 110 individual citizens. The cost of summer activities to the recreation council was \$2,341.85, leaving a balance of \$957.67 with which to carry on until next spring when another drive for funds can be held.

This amount is quite inadequate to provide for a recreation program which will be community wide in its scope. It is anticipated that the arena will carry itself if the weather is kind. Possibly the public school board will consider granting at least part of the funds for the open air rinks for children. Even with this assistance, the money, the recreation council has will not go far when it comes to paying for adult recreation.

At the present time, the recreation council is considering under the heading of adult recreation, the encouraging and promoting of hobby work, handicrafts, and such sports as can be carried on indoors by adults, e.g., badminton, basketball, volley-ball, and gymnasium work. The other phase of the program is the provision of "community hours," a weekly program in the town hall or, possibly, the high school auditorium, of community singing, lectures and demonstrations, and moving pictures. It is the thought of the council that "community hours" will answer very largely the often heard complaint that there is "nothing doing in Newmarket."

It must be repeated that the provision of such

a program is impossible with the current bank balance of the recreation council. The cost of instructors in hobby work, for example, is a major item. Rent of equipment for night classes in woodwork or leather work will be high when tallied through the winter. Unless there is additional financial aid to the recreation council, much of this program will have to be shelved.

In a canvass of citizens 110 individuals contributed. In a community with a population of 5,000, this is a shamefully small total. The recreation council has sought to provide a community wide program but it must fail in that purpose unless there is community wide support. Whether or not the recreation council can continue with community recreation will depend on whether or not those citizens who have so far not contributed financial aid are willing to shoulder their share of the cost.

The recreation council can continue its necessary public service only if every citizen in Newmarket supports it with financial contributions. It is not the amount of each contribution that matters, it is the total. If every citizen contributes, no matter how small a sum, the total will assure the financing of a community-wide recreation program which will take a foremost part in making Newmarket a happier community in which to live.

EDUCATION CAN SERVE TWO MASTERS

The re-opening of the schools again focuses attention on the need of an education which will best train children for adult life in this bewildered world. Education, like the contemporary life it reflects, is in a period of transition. Our system has swung from its emphasis on a liberal education, which was suitable for only a small percentage of pupils, to emphasis on technical education, which met the needs of most pupils but left them with a limited horizon. Now there is an effort to compromise the two extremes, encouraging the best of each.

One bright feature of this change has been the increasing attention paid to education in citizenship. "The pupils in the classrooms today will influence a nation tomorrow." It is so often said that its truth has lost its meaning. Ironically enough, it was the example of the fascists which re-emphasized the necessity of teaching citizenship in the schools, not taking it for granted.

In a recent report on United Nations Rehabilitation and Relief Administration activities, there is a section on the recovery of children who were snatched from their parents and installed in special schools by the Nazis. To make permanent their infamous ideology, the Nazis operated schools for chosen German children and later, children taken from occupied countries, where the children were indoctrinated in Nazi ideals. So successful were the Nazis in their "educational" methods that Canadians who fought against graduates of these schools described them as the most fanatic and dangerous troops they had met.

UNRRA workers, who are trying to re-educate the children who were taken by the Germans from occupied countries so that they may be returned to their parents, are finding the task a difficult one. Even after a short exposure to Nazi education, the minds of these children have been poisoned against all, which had they been left to a normal education, they would have cherished.

The Nazis demonstrated that education could be turned in whatever direction the educators wished. The success of their methods re-emphasized the need for education in democracy, not only to combat the subversive influences which are current today, but to bring into clearer perspective the obligations as well as the rights which are inherent in the democratic system. Unless there is education in democracy, there will be conversion to anti-democratic doctrines. The exponents of fascism have been dealt with but the ideals they nourished are still alive.

COMMUNISM FEEDS ON POVERTY

In the debate which followed the presentation of the report of the House of Commons committee enquiring into industrial unrest, there was considerable reference to communism, and communist policies. So frequent were these references that it must be assumed that many federal legislators see evidence of Stalin's personal supervision behind every industrial dispute in Canada, particularly so since the report of the Royal Commission on espionage.

Unquestionably many communists hold important posts in the labor movement. The evidence of the Royal Commission left no doubt on this score. But to paint all labor activities with the same red brush is a serious mistake. The causes of labor unrest in Canada are complex enough without the additional bogey of communism. To call all strikers communists is to distract from the real causes of labor unrest which are Canadian enough to satisfy the most rabid nationalist.

Most labor troubles today are arising from the workingman's determination that he will never again go through a repetition of the depressed '30's. Most organized workmen act on the belief, rightly or wrongly, that every concession that is wrung from management now is further insurance against the return of the drab days of relief and hour-a-week shifts. There are other causes of labor disputes — jurisdictional battles, plain obstinacy, lust for power and antipathy between labor and management — but they would be neither so widespread nor so bitter were it not for the memory of the depression and a determination that it must never happen again.

As long as some employers insist upon regarding organized labor in the same manner as in the '30's, industrial bitterness will continue. Canada can not long tolerate such crippling strikes as are now in progress without returning to the same poverty that both labor and management seek to avoid. The very communism so feared by management will receive its greatest encouragement from just such conditions.

In their refusal to examine the causes of labor disputes and do what they can to remove them, some employers are precipitating the very thing they are anxious to avoid. Communism never flourished where there was prosperity. It feeds only on dissatisfaction and poverty.

THE COMMON ROUND SO MANY YEARS

I wonder how many Institutes can boast of a grandmothers' meeting which has assembled for 29 or 30 years at one home, as can that of Pine Orchard—now Bogartown and Pine Orchard—united for this particular occasion.

And we are even invited for next year by our hostess, Mrs. Charles Flintoff, Newmarket. For 24 of the 25 years we have lived at Pleasantville. I have been a guest at these happy reunions. Alas, this year, flu laid me low, and I have had to take my pleasure second-hand which, as everyone knows, is an aggravation, for as one hears one also wishes that sight had added its charm.

There is a flavor about a grandmothers' meeting—a flavor composed of thoughts of the past and very vital evidences of the present, for grandmothers no longer wear caps and sit and knit; they are factors in every phase of life. In fact, if grandmothers are to be reckoned as grandmothers, they should wear a distinctive badge, for in appearance they could often be their own children.

Why are the grandmothers of today different from their grandmothers? I think the answer is simple — outside interests. With radio, newspapers and telephone, no one can shut out the world and live to themselves and their family. There isn't a place for that any longer; we are a part of the world about us whether we will or whether we won't.

And one cannot grow old when every nerve is stretched to know what is going to happen next in this rampant, chaotic, but interesting world of ours. Well, to return to our muttons, the Pine Orchard and Bogartown Institutes met on Tuesday, Aug. 20, at the home of Mrs. Flintoff, Newmarket — 52 of them — and as always, a worth while program made the afternoon fly on swift wings.

There were readings and singings and talks—to wit. A reading—"Silver Threads Among the Gold," by Mrs. Needler, Mrs. W. Williams, Mrs. A. Penrose, Mrs. E. Penrose, Mrs. C. Greenwood, Mrs. G. Hunt and Mrs. L. Harper. A talk, "The Royal Mile to Hollywood," by Mrs. Reid of the second; a dialogue, "Grandma and Grandpa," by Mrs. Jesse Lundy and Mrs. Howard McClure; "Reuben and Rachel," sung in parts by the chorus who sang Silver Threads; a reading—Mrs. John McClure; and "My Grandfather's Clock," sung by the little Misses Book. As I write I sit here and see the people who took part, and try to envisage just how it all went, but there are some things that even a vivid imagination cannot compass.

So another grandmothers' meeting, with its delightful sociability, good program, reminiscences, and bountiful and delicious lunch, has slipped into memory's album.

After Sept. 1, all children must go to school in the province of Ontario until 16 years of age.

The Era office is getting a new coat of paint.

Last Friday evening the Shamrocks and Thistles played lacrosse. The score was 5 to 1 in favor of the Shamrocks.

The tannery won a baseball game from the Office Specialty by a score of 4-3 on Thursday evening. On Friday the Office Specialty team defeated the Dunlop Tire and Rubber Co. team, Toronto.

There was a large market on Saturday with butter, eggs and fruit particularly in abundance. Poultry is coming in more freely but the prices remain the same.

The high school is removing the fence from the north and west sides of the school grounds.

Cookstown plays Newmarket at baseball on the fair grounds tonight and immediately after Kettleby plays Newmarket at football.

The Old Country football club, Toronto, visits Newmarket on Labor Day, Sept. 5.

The Old Roadhouse workshop on the corner of Main and Queen Sts. has been leased to a clothing factory in Toronto.

MARRIED — In Newmarket, Wednesday, Aug. 24, 1921, at the home of the bride's parents, Mr. and Mrs. C. P. Morlon, by Elder D. Prosser, Mrs. Ethel A. Morton Norris, to E. A. Boyd, both of Newmarket.

MEET SEPTEMBER 10

The monthly meeting of the Junior Ladies' Aid of the Congregational-Christian church will be held on Tuesday, Sept. 10, at 8 p.m. at the home of Miss Stella Cook, Prospect Ave., Newmarket.

Young Hopefuls

By DOROTHY MUIR BOWMAN

Send your questions to Mrs. Dorothy Bowman, P.O. box 144.

Don't Make Your Child A Charlie McCarthy

Robbie is three-and-a-half years old and a very promising young hopeful. His vocabulary is really quite advanced for his years. However, during his conversation, he uses many words which he mispronounces.

Organically, there is nothing wrong with Robbie. It is only natural for young children to make mistakes in pronunciation of words they are just beginning to use. Robbie's parents think it is cute for him to make mistakes in speech. Robbie has four incorrect speech sounds and could be helped to correct them very simply at this time. The trouble is that with the help of his parents and others amusing themselves by having him repeat the "cute" words over and over again, Robbie is establishing bad speech habits which will require much time and patience to overcome in a few years.

It is such an injustice to Robbie to actually encourage him in bad speech habits. His parents are, in other respects, very intelligent; and they are certainly quite capable of helping him learn new words correctly at the time he first uses them.

To be perfectly fair to Robbie and yet amuse themselves and friends, the parents might make a note of all the mispronounced words and mimic him to themselves and others but never in his presence. In that manner they will discover just what Robbie does that is wrong. Robbie is perfectly capable of imitating speech movements and his attention should be attracted to the correct positions of lips, teeth and tongue for the mispronounced words he is adding to his vocabulary. Careful repetition of the correct pronunciation of these words may be all that Robbie needs to help him speak them correctly.

It should be a source of real delight to the parents to help Robbie make simple corrections before he has acquired bad speech habits which are so difficult to correct. Besides, Robbie's baby brother will soon be talking and it is to be hoped that Robbie's speech will soon be a good example for him to imitate.

UNDERSTANDING

By J. JAY WATSON

Between an apple seed and an apple produced from it, there lies a span of years in which nature is unfolding a mystery. As we reflect upon such a tiny seed, we may know that within it there is a pattern and though it is invisible, the faculty of reason affirms its presence.

If we put the seed in the ground at the right season, in time we shall see a tender little shoot, sufficient in strength to shove its way through the soil and make itself manifest above the surface.

Then, according to nature's ways, the soil, with the rain, the air and the sunshine, will develop the plant and make of it a tree—one with sizable girth and wide-spreading branches. Somewhere in the intervening years, and yearly thereafter, in the spring of the year as the air warms sufficiently, the tree bursts forth in blossoms and from these as the petals fall, the embryo fruit remains.

Then follows what seems like a coalescence of the elements with the embryo, until we have the shapely, ripened apples, each hanging by a stem to the small branches. As the fresh apples are placed on the dining table, we marvel at their beauty of coloring and symmetry; and then at their juiciness and satisfying taste.

A perfect pattern of this unfolded beauty of tree, leafage, blossom and fruit is all in the diminutive seed and as we ponder upon this example of life, it seems to point to a myriad of others in the midst of God's creation. Nature in her evolution reveals God to us.

We read in Joshua 1: "Jehovah thy God is with thee, whithersoever thou goest"; and in Job 32: "But there is a spirit in man and the breath of the Almighty giveth them understanding."

INVITED TO RECEPTION

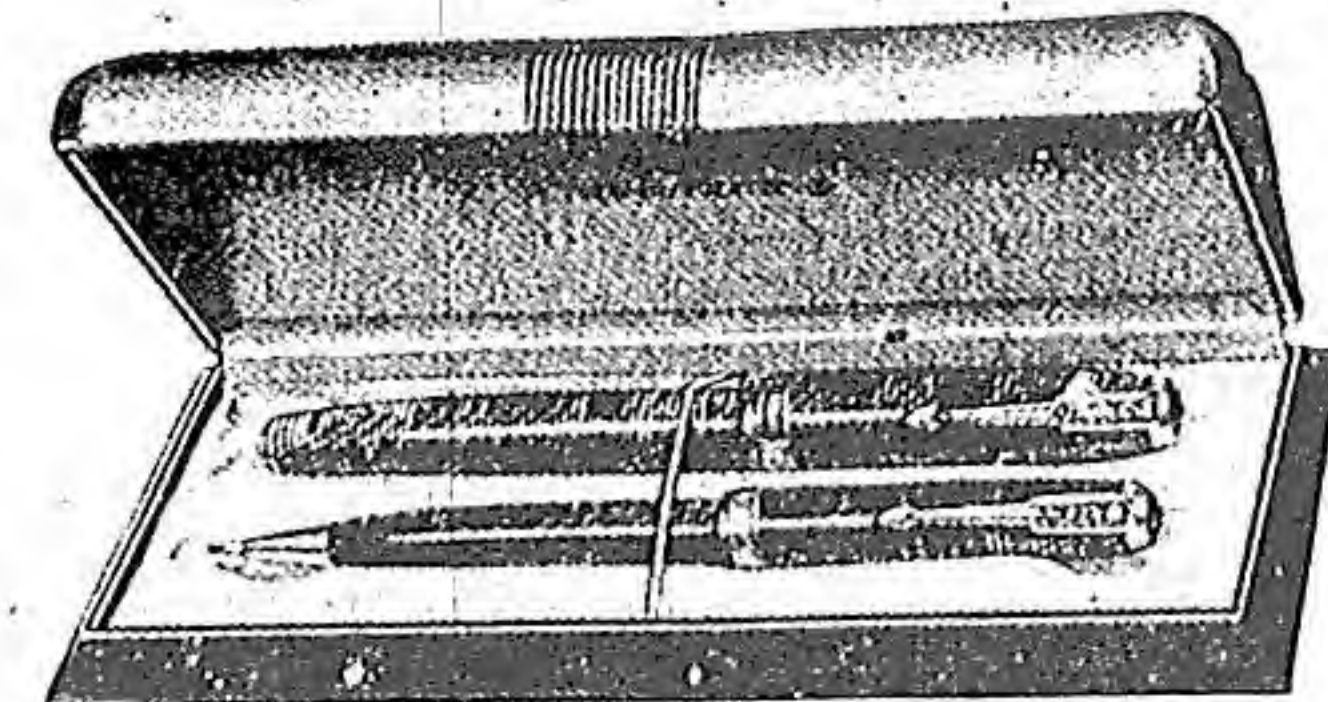

The rector of St. Paul's Anglican church, Rev. Gower A. Stone, has extended an invitation from Archbishop and Mrs. Derwyn T. Owen for all Anglicans to attend a reception held in Strachan House, Trinity College, next Saturday afternoon from 3 to 6 o'clock to meet the Archbishop of Canterbury who is in Canada on a visit from England.

RETURNS HOME

Mrs. Jas. Bond, who has been in St. Michael's hospital for treatment, returned to her home last Thursday.

him \$50 including costs. His
driver's license and owner's per-
mit will be suspended.
Harry Fidler, Toronto, stated
he and his son and two others
were driving north on their way
to his cottage. He stated the
weather was fine. "There was a
car in front about 200 feet and I
noticed Donalds' car passing it,"
he continued. "He came over the
white line and hit my left

headlight, left fender, bumpers
and doors." In reply to a ques-
tion from Crown Attorney Ar-
leigh Armstrong, Fidler said he
saw him about 150 feet away.
He said his car, a 1948 Chrysler,
was damaged to the extent of
\$400. He said he had questioned
Donalds but couldn't get an in-
telligent answer from him and
his breath smelled strongly of
liquor.

Harry Fidler, Jr., who was
with his father, said they were
about a mile past the stoplight
and were driving about 35 or 40
miles an hour. He said they saw
this car passing when it should-
n't have been passing as there is
a solid double line and it is a
two-lane highway. He stated his
father pulled over to the right as
far as he could. He added that
he had tried to talk to Donalds
and he had refused to show him
his license.

Harry Arbus and his father-
in-law, Jack Burckman, cor-
roborated the evidence. They
stated they were on their way to
Gravenhurst at the time and
had followed the Fidler car for
about 15 or 20 minutes before
the accident.

Constable Wm. Melbourne of
the provincial police said he had
investigated the accident and had
found a 1936 LaSalle owned by
Donalds on the left side of the
travelled portion of the highway,
and the 1948 Chrysler on the east
side. He stated all markings
were on the left side and that the
Chrysler was 50 feet past the
debris and the LaSalle was down
the road quite a distance. He
stated he spoke to Donalds but
couldn't get any information
from him as he was under the
influence of liquor.

Ivan Foster, Pefferlaw, who
was charged with Annie Leduc,
with having liquor other than
on their own permits, was fined
\$100 and costs or one month and
his residence was declared a
public place. The charge against
Annie Leduc was dismissed.

Annie Leduc was also charged
with having more than one beer
ration book in her possession and
was fined \$10 and costs or one
month.

Constable W. E. Martindale
said he had searched the prem-
ises, a log cabin on the towline
between Port Bolster and Peffer-
law. He stated Mrs. Leduc
had produced a ration book and
that Foster said he didn't have
one. He said they later found
two beer permit books in some
folded linen, one in the name of
Foster, the other in the name of
Leduc, and that one book con-
tained loose coupons.

Mrs. Leduc said she had lost
her registration card and beer
book and found them after she
had received a new one.

George H. Knowles, Newmar-
ket, was fined \$50 and costs of
\$16.75 for selling sausages con-
taining an excess of cereal. Mr.
Wilson, federal investigator, stated
he had sent the sausages to
the dominion analyst who re-
ported an excess of cereal.

Eddie O'Brien, Newmarket,
was sentenced to three months
definite in the Ontario reforma-
tory and one month indefinite on
two charges of theft, one of
stealing silverware from his
mother, Mrs. Isabelle O'Brien,
and one of stealing goods from
his uncle's cottage at Pottage-
ville. Constable Gus Farquhar,
Schomberg, stated he had in-
vestigated a break-in at the cottage
at Pottageville. He stated all
the goods had been recovered
and that the accused had given
a voluntary statement and had
been helpful in getting the goods
back.

Chief Constable James Leeder,
Newmarket, stated he had in-
vestigated the theft from O'Brien's
mother and presented the
accused's statement. He also
stated O'Brien had given them
every assistance in recovering
the goods.

Woodward Family Has Reunion At Ravenshoe

On the occasion of their first
visit to Ontario in 15 years, Mr.
and Mrs. Squire Stonehouse, Cal-
gary, were the guests of honor at
a gathering of the Woodward
clan held at the home of Martin
Woodward, Ravenshoe, last week.
Mrs. Stonehouse is the former
Lucy Woodward and was well-
known around Ravenshoe. Mr.
Stonehouse was also a native of
this locality.

Over 60 members of the fam-
ily and their connections enjoyed
games and a picnic supper. The
oldest guest present was Mrs.
Mary Thompson, mother of Mr.
Martin Woodward, who is in her
82nd year, and the youngest
guest was three-months-old Bar-
ry Leitch, Toronto, Mrs. Wood-
ward's grandnephew.

**ONTARIO PARENTS CAN TAKE THESE RECOGNIZED PRECAUTIONS
AGAINST THE POSSIBLE
THREAT OF POLIO**

It is in August and September
that poliomyelitis (polio) is most
prevalent. During these last
weeks of summer, thoughtful
parents should observe every rule
that will protect their little ones
from this disease.

In our Province, comparatively few
cases of polio have occurred as yet
but in some sections of the United
States, infantile paralysis—as it is
more commonly called—has reached
epidemic proportions.
The Ontario Department of Health

therefore urges every family to keep
in step with the common-sense
precautions outlined below. Read
them carefully. Encourage your
children to practice them daily.
Guard your family's health during
this particular period of the year!

SIX SIMPLE PRECAUTIONS:

1. Peel or scrub all raw fruit and vege-
tables before serving.
2. Protect all food from flies.
3. Teach your children to avoid crowded
beaches and pools and swimming
in dirty water.
4. Avoid over-fatigue and if possible
have your children rest for two hours
each afternoon.
5. Prevent your children from suffering
sudden chills, or exposing themselves
to too much sun.
6. Make sure your children wash their
hands before eating.

The days are getting shorter and it will soon be time
to give your laying flock a longer working day by the
use of artificial light.
It has been demonstrated repeatedly that layers will
produce more eggs on long days than they will on
short days. It pays to give them plenty of working
time.
It pays to feed them well too!

By AB. HULSE
Newmarket Vets' softball team
will do the ironman stunt on
Labor Day. Starting their cur-
rent O.A.S.A. playdowns against
New Toronto Legion, they go to
the Toronto suburb on Saturday
with the return game back in
canalton at 1 p.m. on the holi-
day. This hour is set because
the Vets agreed some weeks ago
to play in the softball tourna-
ment at the Aurora Canadian
Legion Field yard on the same
date, and "Cee-gars" McDonald,
Doug May, and their buddies are
not going to let anybody down
if it can be avoided.
So following the nine-inning
fixture at Newmarket, they will
travel post-haste (post-haste,
we said) to Aurora to take part
in the tournament. The Aurora
committee, not anxious to lose
the popular Newmarket team
from the tournament, has carded
the first tournament game for
the vets at 4 p.m., which should
give the lads plenty of rest. The
final contest will start at 6.15
p.m. and the Newmarket boys
hope to be in there for one of
the \$25 or \$15 prizes. There is
no entry fee being charged so
the money is net (with apologies
to Mr. Hulse).
Other teams entered in the
tournament include Lake Simcoe
All-Stars, rounded up by Bruce
Greig and determined to show
the snootier North Yonge circuit
they've got the class, Aurora,
which will be strengthened for
the day by players whom Ace
Yake refuses to reveal, but ex-
pected to include Teddy Ben-
nett and Hal Echlin of Thorn-
hill, and the Toronto R.C.A.F.
Legion, which created such a

smart impression at Mount Al-
bert, from the Wanless Park
league. It looks from here (if
we do say so) a pretty evenly
matched series from start to fin-
ish and the finals should be
bitterly contested.
Schomberg lads, champions
of the South Simcoe league, will
meet Aurora in a morning game
which should produce some
mighty close ball. With New-
market ladies out of the competi-
tion for the day, the committee
found it necessary to secure two
teams. This was done, then
came the necessity of billing the
second men's tournament game
at 4.15 because of the Newmar-
ket game, and with baseball
forced to the afternoon in place
of the morning, it was not pos-
sible to bring the Toronto girls
to Aurora and be sure of having
them play in the daylight.
Action will provide the base-
ball fillip to the day by meeting
Aurora minor baseballers in a
classic starting at 1 p.m.
Memories of Robin Hood, Wil-
liam Tell, and the doctory red-
skins, too, will be revived when
John Mitchele and his ten-year-
old son, Dickie, put on their
famous archery exhibition. The
Mitchele duo have been featured
on some of the biggest sporting
cards in Canada and the States
and the spectators will get a big
thrill when these two go to
work. Mr. Mitchele is the 1943
winner of the Ancient Silver
Scorpion Arrow, and 1944-45
Hunting Class champion of On-
tario, as well as being president
of the Hunting and Field Arch-
ers of Ontario, largest archery
association in the British Em-
pire. Young Dickie is the fore-
most youngster with bow and
arrow on the American contin-
ent.

Horseshoe tournaments, tug-
of-war, races, and, of course, a
handicap cycling race are but a
few of the big sporting events
that have been arranged. Cliff
Chapman and Bob Benville, to
name but a few of the outstand-
ing riders entered, will be out to
settle things decisively in the
road race which kicks-off at 10
a.m. It looks like a hot two-bits
worth for young and old, and all
that's needed is some fine
weather (keep those fingers
crossed folks).

Schomberg softballers, headed
by Gladstone Lloyd, are await-
ing word to proceed further in
quest on the Ontario rural soft-
ball championships. The "Berg"
outfit won the York-Simcoe
league, and then topped-off Tot-
tenham, led by ex-Aurora hock-
eyst, Bill Thornton, in a
power-packed series. The Tot-
tenham team won the Beeton-
Alliston league and it took three
games to decide the issue.
Schomberg is looking for some
exhibition games before wand-
ering around Ontario in quest of
the rural crown.

Here's the Schomberg line-up:
Bill Sutton handles the catching.
He's a vet as you'll remember
and one of a fine sporting family.

NEW MINISTER

Rev. Albert E. Millen, B. Th.,
newly-inducted minister to the
Queensville United church
charge and minister at Hope and
Sharon, comes to this area after
many pastorates concluding with
Guthrie in Oro township. He
served as the president of the
Oro township Red Cross Society
as well as participating in three
agriculture societies. Within the
Simcoe Presbytery, he served
terms as convener of Christian
education and M. and M. fund.
He was at one time secretary
of Bruce Presbytery, president
of the Warton Ministerial and
member of the board of educa-
tion at Hepworth. Converted as
a boy of 13 in the Torrey Alex-
ander Mission, he became a
Methodist local preacher. He
went to Scotland and on his re-
turn, entered the Methodist
church. He is a graduate of the
Wesleyan Theological College
and the Co-operating Colleges of
Montreal. He received his de-
gree from Auburn Theological
Seminary, New York state.

the pitching and done it well.
He rates an orchid for his work.
Walt Thompson, former hock-
eyist, is at first base. Art Walker,
King, holds down second as well
as doing the relief hurling.

Gerrard Ganlon, a youngster,
is at short and at third is "kid
dynamite", Shorty Graham. The
outfield sees Ed Ellison, Jack
Forhan and Bill Brendon cavort-
ing with both class and confi-
dence. The best wishes of North
York will follow the Schomberg
lads in their future games.
Joe Spillette, deputy-recieve of
Newmarket and ever since com-
ing to the hub of North York,
one of its most prominent sports-
men, has dug down in his pocket
(an old Spillette custom from
away back), and provided a
trophy for the North Yonge soft-
ball league. Could be that Joe
reads our column for its only a
couple of weeks or so ago we
pointed out there wasn't one.
It's a mighty fine gesture and
adds stature to the league as
well as assuring future competi-
tion.
Let's hope some, rules are
drawn up for the possession of
the cup so it can be properly
preserved and handed around.
Far too many cups are hidden in
attics, trunks or moved entirely
out of the district because they
were carelessly handed over by
leagues that failed to have the
proper respect for them or the
proper set of officials to look
after them. This can easily be
remedied right now and we'd
like to see the Spillette trophy
properly looked after from year
to year. Now if somebody comes
through for a trophy for the
midlet lacrosse circuit, the dis-
trict leagues are fairly well
looked after.
Chub Spencely, the bashing
defenceman of Herb Simpson's
Ballantrae club, led his team-
mates to the championship of the
south Ontario league. Clare-
mont defeated Dunbar in the
finals. George Derusha and
some of the other hockeyists
were teammates. Harry Milroy
is twirling some nice ball for
Bayes who are finalists in the
Scarboro Community mushball
circuit. "Whammy" used to
pitch for Sutton in the York-

Simcoe league and his stay in
the army hasn't done him any
harm. Incidentally he'll be play-
ing intermediate hockey for
Markham this winter unless
those Lake Simcoe offers sing a
bit sweeter.
Rout Routelliff, who played on
the ice lanes for Markham ju-
niors a few years ago, is the op-
posing hurler in the finals to Mil-
roy. "Rout" tosses them for
Nicodemus. Jimmy Crean, the
Richmond Hill-Langstaff out-
fielder, is receiving "congrats"
these days. The quiet spoken
Jim middle-aided it with Miss
Selah Smith of Richmond Hill
recently.

A hand for young Catharine
McArthur who is the pitcher for
Richmond Hill ladies' softballers.
"Kay" is but 14 and with a good
team behind her would look
pretty good. A public school
youngster playing softball for
the first time, she's carded as a
comer in girls' softball. The

white sweaters donated to the
youth council by the merchants
of the village.

In Toronto there's a host of
former Newmarket camp stars
still in the play-off hunt. At
Dovercourt, Clair Exelby has his
Arlington team going good.
Johnny Callanan, Prince of
Wales; Val DeLory, Canada
Bread, are others in action. Roy
Murdin is in action in the Davis-
ville league along with Tommy
Jamieson, though on opposing
teams, and, of course, Markham's
Russ Burrows is also burning
things up in the same circuit.
Bobby Lynn, who guarded the
twine cage for Aurora Ordinance
when they won the 1943 O.H.A.
intermediate championship, is be-
hind the bat for Amalgamateds
in the Dentonia league.

A few years ago, Gordy Wright
used to hurl in tournaments at
Laskay, Mount Albert, Zephyr
and other points, sometimes with
district teams but mostly against
"Junior", now with Toronto
Rooney's, put on a pitching dis-
play last week that will take
some beating. He defeated
Standards, People's and 30th
Battery in successive nights in
the on-to-Cleveland series.
That's one of the toughest pitch-
ing assignments anybody ever
took on.

Les Beazer, former impressario
at Newmarket and Aurora
arenas, is back with Paddy
Conklin's shows doing his high-
diving and swimming act and
he'll be doing same until October.
Guess that under the present
arrangements for Newmarket
arena, Les won't be back there
this winter.

Sympathy of all sports fans is
extended to the Burton family
of Richvale on the loss of a
faithful wife and mother. The
three Burton brothers, Cleve,
Ray and Harry, who perform for
Combines in the North York
lacrosse league, have been under
a great strain in recent weeks.
The trio are three of the most
popular lads in the league and
we hope they may obtain some
comfort from knowing the fans
sympathize.

Gordy Orr, Maple, ex-Junior
Farmer president and stalwart
boxla player of the Maple Buds,
won himself a Jersey heifer at
the big jamboree held at the
Maple sports bowl last week.
Another well known athlete,
John Mabley, Richmond Hill,
did all right for himself recently
in the "lucky league" as his
ticket came up for the big elec-
tric refrigerator at the Richmond

TOO BAD
Three men arrived at the rail-
way station with the intention of
catching the last train. As they
reached the platform the train
began to move out. The men ran
for it, and the guard and a por-
ter bundled two of them into
the guard's van. By this time
the train was going too fast for
the third man to get in, and he
stood disconsolately on the plat-
form watching it disappear.
"Hard luck, sir," said the
porter. "I'm sorry you were
unable to get on."
"Yes," replied the man. "My
friends will be sorry, too. They
were only seeing me off."

performing at football for Balmy

switched his allegiance this year
to Toronto Argos. Van Riddell,
Earl Rowe's Canadian three-

YES...BUT WHAT IS IT WORTH?
Little you care how much silver is contained in the 50c piece you take into a
store. What you want to know is what it will buy.
Well, that depends very much on yourself, ourselves, and the millions of others
like us. If free and careless spending brings inflation, your 50c piece will buy less
and less as prices rise... how much less, no one can say.
You can guard against inflation... and, if you are a No. 1 citizen, you will.
How?... By conservation in your personal finances...
Here are five ways you can fight inflation:
• Hold on to your Victory Bonds
• Buy only those goods which are in fair supply and
save your money for the day when goods
now in short supply will be readily available
• Avoid black market purchases
• Keep up your insurance
• Build up your savings account
This means wise spending and wise saving.
This is conservation—the first requisite for personal
security—the first attribute of good citizenship.

JOAN NESBITT WEDS AUGUST 4

Many guests attended the double-ring ceremony on Aug. 14, when Joan Elizabeth, youngest daughter of Mrs. Nesbitt and the late Mr. John Edward Nesbitt, one time mayor of Newmarket, was united in marriage to Mr. Isaac (Ike) Williamson, North Bay, son of the late Mr. and Mrs. John Williamson. Rev. Gower A. Stone officiated in St. Paul's Anglican church, Newmarket, against a background of pink and white gladioli and tall standards of candelabra.

Mrs. J. O. Little was at the organ and Miss Velma Thompson sang Ave Maria.

Mr. Giles McKague, uncle of the bride, gave his niece in marriage. She wore a handsome gown of white silk marquisette over slipper satin, panels of alencon lace over blue net with long train, misted with full-length illusion veil which fell from a coronet of alencon lace. She carried a cascade of white cades of fuschia gladioli.

Mrs. Gordon Ough, sister of the bride, as matron of honor, and Miss Doris Eves, as bridesmaid, were gowned alike in broad-caded pink silk and carried cascades of fuschia gladioli.

The flower girl, little Maureen West, niece of the bride, was in long pink silk net over satin, with matching bonnet, and carried a nosegay of pink roses and stephanotis.

Mr. John Williamson, Detroit, was groomsmen for his brother. The ushers were Mr. Howard McKague, Mr. Robert Hewston, Toronto, and Mr. Donald Smith and Mr. Robert Cody, Newmarket.

WILLOW BEACH

Mr. W. McTaggart and son, Leo, Montreal, are spending a few weeks with the former's daughter, Mrs. W. Thompson, Jr.

Mr. and Mrs. L. Grant and Margaret, Port Robinson, are visiting Mrs. Grant's parents, Mr. and Mrs. Percy Reed.

Miss Shirley Wood spent last weekend with Miss Phyllis Sedore.

ZEPHYR

Mrs. Walter Smith, Niagara Falls, is visiting Mr. and Mrs. Arthur Smith.

Mrs. Bartlett, Ray, Kathaleen and Clayton spent last Wednesday in Toronto. Kathaleen remained for a few days.

Miss Shirley Pickering spent a few days with her cousin, Patsy Dunn, Newmarket.

Mr. and Mrs. L. Profit were in Toronto last Wednesday. Jean and Keith returned with them, after holidaying for a couple of weeks.

Miss Aldra Meyers, R.N., Toronto Western hospital, spent a few days last week visiting relatives here.

Mrs. Wheatley, Miss Jessie Locke, Harold and Orville Lockwood and Mary Wilson spent a few days last week at Elmhurst Beach.

Mr. and Mrs. C. Robertson and Mr. Ray Bartlett spent last Friday in Toronto.

Mr. and Mrs. Roy Stephenson and Ruth Ann, Windsor, and Mrs. Alcorn and son of London visited Miss Julia Madill recently.

Mr. and Mrs. W. Squires spent a few days last week in Toronto. Mr. Clarkson Arnold left last Thursday evening for a trip to the west for a few weeks.

Mr. and Mrs. R. Ball, Toronto, had tea on Sunday evening with Mrs. Shier and Doris.

Miss Mona Armstrong attended the Y.P.S. National Conference at Belleville last week.

Miss Julia Madill's auction sale was a success on Saturday afternoon. Miss Madill left on Monday to go to London where she will make her home with her niece, Mrs. Alcorn.

Mr. and Mrs. Clarence Pickering and family visited Mr. and Mrs. J. Brammar at Newmarket on Sunday.

Mr. and Mrs. C. Midgley, Carol and Mrs. Wheatley visited on Sunday in Brooklyn with Mr. and Mrs. W. Rudkin and Mr. and Mrs. L. Stephenson. Mrs. Wheatley remained there to visit her daughters for a couple of weeks.

Mr. and Mrs. Chris Goldstone and family of Uxbridge, Mr. and Mrs. Rodney Haynes, Mr. and Mrs. Kenneth Carter and Regina, Leaskdale, spent Sunday afternoon with Mr. and Mrs. W. S. Cook.

Miss Jennie Harrison, Leaskdale, is spending a few days with her sister, Mrs. R. Shier.

Miss Shirley Pickering entertained a few girl friends on Tuesday, it being her birthday.

MOUNT PLEASANT

Farmers are busy threshing and preparing the ground for the sowing of fall wheat.

Mr. and Mrs. Robt. Davidson visited Mr. and Mrs. Robt. Norris in Beaverton one day last week.

Mr. Glenn Davidson, Ballyboro, spent last weekend with his parents.

Mr. and Mrs. Lloyd Stiles spent last Thursday in Toronto. The Guild supper will be held in the church basement, September 4, with supper from 6 to 8 p.m.

Many are looking forward to Sutton fair next Saturday.

Recently married were Bruce Cupples, Ravenshoe, and Evelyn Crouth, shown here with other members of the wedding party, Donald Cupples and Mrs. Ruth Prior, Newmarket. Photo by Budd.

The Newmarket Recreation Council Appeals For Your Support

WHAT HAS BEEN DONE

This summer the recreation council: Provided swimming instruction for grade school children (6-week program, 433 children averaging five trips each at an average cost per child of \$2);

Gave financial aid to baseball, tennis, swim club, track and field, cycling;

Operated supplementary playgrounds for small children;

Purchased equipment for loan to those who needed it;

Gave active support to recreation groups who needed it.

PLANS FOR THE FUTURE

This fall and winter the recreation council plans: The operation of the Newmarket Memorial Arena (Mickey Smith will be in direct charge of the arena);

Provision of open air rinks for grade school children;

Handicraft and hobby clubs for adults (supporting the Home and School classes and subsidizing new groups in glee club work, wood working, art classes, etc.);

Weekly "Community Hours" in the town hall with sing-songs, moving pictures and lectures;

Encouraging indoor sports such as badminton, volleyball, gym work.

This is what the recreation council has done. This is what it intends to do. What do you think? Is it worth supporting?

If the recreation council is to be successful in providing year-round community-wide recreation, it will need the support, no matter how great or small, of every citizen. Industries, merchants, churches and organizations in Newmarket have all contributed generously. But in a community of 5,000 only 120 gave individual contributions.

The recreation council cannot attempt community recreation without community support. The recreation

council has \$957.67 with which to finance community recreation in the fall and winter. It is not enough.

The recreation council appeals to every citizen who has not so far contributed to send in their donations now. No contribution is too small. What is important is that every citizen do his share to make recreation truly community wide.

The recreation council appeals to you, the citizens of Newmarket, to support your recreation program. Let's see how many names can be added to the list by next week.

Harold Lubbock Wins Stuart Scholarship For Best 8. Papers

Harold Lubbock is the winner of the John Stuart scholarship for the best eight papers in the upper school departmental examinations at Aurora high school, it has been announced by Principal J. H. Knowles. The tabulation was made by the department of education. Harold scored four firsts, four seconds, a third and a credit.

The award, now in its third year and previously won by John Crysdale and Bill Babcock, carries a cash value of \$50 plus a memorial trophy, or full tuition in first year commerce and finance at Queen's University, plus a memorial trophy. Both previous winners have elected to take the \$50 and it is thought that Harold will do likewise. While his plans are not complete, Harold is expected to return to the school for additional subjects this fall.

A two-way tie resulted for second place between Constance Brodie and John Youngs. The two winners also receive form prizes donated by the school board. The competition was the closest in the last three years, with five students being closely bunched and separated by only a few marks.

The awards will be presented at the annual school commencement.

Most of the pupils in upper school have completed their plans for the future. Returning to school will be Harold Lubbock, Charlie McNaught, William Crichton, Jim Kerswill, M. Crossley, D. Winch and L. Stonehouse.

Bound for university this fall are Bruce Underhill, Charles Seath, A. Morin and John Youngs. Nursing finds Joan Swindle, Audrey Buckmaster and Pauline Hanlon already entered.

Business college courses attract Constance Brodie, Jeanne Melbourne and Grace Willis. Jim Willis will enter business and continue his studies at night school. Lorna Lepard has chosen the home for her vocation and became a bride a few weeks ago. Agnes Hill, who was selected as school valedictorian, is expected to enter a university course.

Alouettes Pick Aurora For 2-Day Training Camp

Next Thursday, Aurora will be invaded by a group of husky, tanned sportsmen when Coach Lou Hayman and his Montreal Alouettes of the Big Four will pull into town to set up a training camp for two days prior to meeting Toronto Argonauts in the opening game of the inter-provincial union in Toronto on Sept. 7.

The Montreal team left this week for Winnipeg to play a series of pre-season exhibition games against Winnipeg Blue Bombers, and on their return trip they will stop off at Aurora for practices prior to the opening of the official season.

Five Aurora tourist homes will house the visitors who will number about 40, including management and Montreal newspapermen, and Dawson's Grill will provide the meals for the party. Training will be

either in the Aurora town park or at St. Andrew's College, and it is expected the team will practice twice on Thursday and twice on Friday, leaving Aurora by bus on Saturday, Sept. 7, for their acid test in Toronto.

This marks the first occasion an Eastern Canada football club has trained anywhere but on their home grounds or home city. It is the first time a big football club has visited the town and sports fans from the district will likely flock to see the workouts.

The Aurora arrangements are being handled by T. A. M. Hulsey and Eric Craddock, of North Downs Farms, who is a director of the Montreal club. Joe Ryan, formerly of Winnipeg, now secretary of the Montreal team, is looking after the club's details along with Mr. Hayman.

HOPE

Irvin Edwards and Shirley Edwards had their tonsils removed at York County hospital on Friday and are improving.

Mr. and Mrs. Gordon Tansley and Adele spent Sunday with Mrs. Auley Brenair.

Mr. and Mrs. Oscar Stickwood spent Thursday and Friday at Claremont.

The Hope ladies entertained the Hope ball team to a supper and social evening at Sharon Hall and all report a pleasant evening.

The W.A. meeting is to be held at the home of Mrs. Sheldon Walker on September 4.

Mrs. Mark Hall was a guest of Mrs. Archie Dike last Tuesday.

Mrs. Singler, Agincourt, is spending some holidays with her sister, Mrs. Rigby.

Mr. and Mrs. Wilbert Thayer, Midland, and Mr. and Mrs. Earl and Kenneth and Allen, Bay City, Mich., visited Mr. Arthur Edwards last Monday.

Mrs. Stuart Pegg spent a few days in Toronto last week.

Mr. Raymond Campbell, Mount Dennis, is visiting his sister, Mrs. Rigby.

AND THEY DID

Hoping to inspire his workers with promptness and energy, a business man hung a number of signs reading "DO IT NOW" around his factory and office. When he was asked some weeks later how his staff had reacted, he shook his head sadly.

"I don't even like to talk about it," he said. "The cashier skipped with \$1,000; the head bookkeeper eloped with the best secretary I ever had; three typists asked for an increase; the factory hands decided to go on strike, and the office boy joined the navy."

NOT ON WATER

Proprietor: "You come into my restaurant, you order a glass of water, you drink it, and you calmly walk out!"

Scott: "What were you expecting me to do, mon? Stagger out?"

AN INSULT

Mrs. Dinsmore: "I wonder why Mrs. Scadds got so angry when I said I never would let my husband dictate to me?"

Mrs. Cradwick: "She took it for a personal allusion. She used to be Mr. Scadds's typist."

PLAN TRINITY CENTARY ON SEPT. 8-OCT. 6

September will be an important month in the historical and religious life of the community as Trinity Anglican church holds its centenary celebrations. It is the oldest congregation in the community.

The church, closed since late July, will re-open for services on Sunday, Sept. 8. The interior, including walls, woodwork, pews and floors, has been re-decorated and the chancel roof has been shingled. Services have been held in the parish hall. Rev. R. K. Perdue, the rector, will have returned from holidays by that date.

On Sunday, Sept. 22, the centenary observations will begin. Rev. G. S. Despard, rector from 1911 to 1917, will take the morning service and in the evening, Rev. Canon F. J. Fife, Young's Point, locum tenens from 1942 to 1946, will take the service.

On Friday, Sept. 27, the anniversary of the opening of the church will be celebrated. Rev. G. C. Street was rector at the date of the opening of the church, Aurora then being known as Macell's Corners. At 10 a.m., holy communion will be administered. At 8 p.m., Most Rev. Derwyn T. Owen, bishop of Toronto and primate of all Canada, will be the guest preacher. Following the service a reception will be held in the parish hall.

On Saturday, Sept. 28, the ladies of the church will hold a tea and objects of historical interest will be on display.

On Sunday, Sept. 29, Rev. E. W. G. Worrall, King, assistant at Aurora in 1929, will take the morning service assisted by Rev. P. R. Soanes, Toronto, rector at Trinity 1918-1929. At 2 p.m. a special children's service will be held in the church. At 7 p.m., Rev. G. O. Lightbourn, M.A., O.B.E., Toronto, rector, 1930-40, will take the evening service.

On Sunday, Oct. 6, at 11 a.m., Rev. Roland Hill, Toronto, a former member of the parish and an Aurora boy, will be the guest preacher, with the rector taking the evening service.

Many former members of the parish living outside of Aurora are making plans to attend the services. An historical booklet, profusely illustrated, is now in the hands of the printer and will be available for distribution early in September.

Mrs. L. C. Lee heads the general committee in charge of arrangements.

MAPLE, COMBINES WILL MEET IN SEMI-FINALS

Maple defeated Combines 10-3 in a hard fought game in the North York lacrosse league on Friday evening. It was the concluding game of the regular schedule and the two teams will now meet in the semi-finals.

Combines were minus the services of the three Burton brothers and Gordy Smith, their star netminder. Deprived by league ruling from using Harry Sutton, they were hard pressed to field a team. Nevertheless, they gave the visitors, who were at full strength, a stiff battle, going down only in the fourth quarter by virtue of superior numbers.

Ken Bentley filled the gap in the Combines net, while Harry Rumble, the Maple goalie, was the individual star of the game.

TAKES OVER PLANT

Vincent Mining Corporation, headed by Norman Vincent, which is the principal of both the Canadian Anodized Products and Universal Insulations of Aurora, has taken over control of the huge Fleet Aircraft plant at Fort Erie, with Mr. Vincent as president. No connection is seen between either of the Aurora plants and the new enterprise at this time.

COUNCIL MEETS SEPT. 3

The September meeting of council will be held on Tuesday, Sept. 3, at 8 p.m. since Labor Day falls on the first Monday.

PLAN FOR SERVICE

Plans for the presentation and dedication of colors for Branch 385 Canadian Legion on Sunday, September 8, in the Aurora town park are nearing completion.

WITH THE CHURCHES

Rev. Roy F. Hicks, back from a month's holidays, will be in charge of Sunday morning's service at Aurora United church.

PLAY-OFF TONIGHT

This evening the finals in the men's singles and doubles will be played at the Aurora Tennis club. Visitors will be welcome.

PLAY FINAL GAME

Aurora midgets journey to Maple this evening to complete their final game of the North York midget lacrosse league. Aurora and Maple have both clinched play-off berths and tonight's battle will be for first place. Four teams hit the play-off trail and the other three teams can still make the grade. Play-off dates will be announced next week.

ALL-DAY FETE ON LABOR DAY LEGION'S AIM

All roads will lead to Aurora on Monday, Sept. 2, when Aurora Branch 385, Canadian Legion, hold its first field day and jamboree. The committee has left no stones unturned to provide a fine program and from 10 a.m. to the early hours of Tuesday the Aurora town park will be a beehive of activity.

At 10 a.m., a cycling race, featuring the best district riders, with special for the youngsters, will get underway. Jack Offord and Bob Benville are handicapping the entries and some hot competition should result. Around 20 riders will face the starter.

At 11 a.m., Schomberg ladies, champions of the South Simcoe league, will meet Aurora ladies, and both teams are evenly matched. At the same hour the horseshoe tournament for municipal councils will get underway. At noon the tug-of-war contest will start.

One p.m. finds Action meeting at baseball, and a men's softball tournament for \$40 in prizes finds Newmarket Vets, Aurora, R.C.A.F. Toronto, and Lake Simcoe All-Stars in quest of the honors.

Present for the day will be John Mitchell, Canada's foremost archer and holder of the 1944-45 hunting class championship, along with ten-year-old Dickie Mitchell, top ranking junior archer of Canada. They will perform at 3.30 p.m.

A horseshoe tournament for veterans and others, children's and adult races, tricycle and wagon races, and a yo-yo contest are other items carded.

The midway, open from 10 a.m. will be the largest and most varied ever in the park, and special games have been arranged for the kiddies.

At 8 p.m., the Victory entertainers, with a troupe of 25 artists, will provide a two-hour concert in the park. The troupe has been one of Canada's outstanding variety shows during war years.

A beauty contest to decide the title of "Miss North York" will also be held in the early evening. From there on Don Gilkes and his orchestra will provide dancing under the stars. The draw for the lucky prizes will be made in the late evening.

Given good weather, one of the largest crowds ever to attend a field day in North York is expected. "Never a dull moment" might well be the slogan of the committee in charge. A special prize is being given with the lucky number program distributed free of charge.

MIDGETS TAKE LEAD AS COMBINES LOSE

Aurora midgets took over the league leadership of the North York lacrosse minor series as they defeated Combines 7-2 in a fast game at Aurora on Monday night. The local kids got a lone goal from the stick of Bill Mundell in the first period, and held this lead at the half. In the third quarter, Don Holman, Bill Patrick and Orval Lawson scored, with Cooney getting one for Combines. Bill Mundell, Howard Patrick and Bill Attridge accounted for three more for Aurora, while the visitors were securing another in the final period.

Aurora: Southwood, Davidson, H. Patrick, O. Lawson, W. Patrick, L. Doolittle, Mundell; sub., Attridge, Brodie, Nesbitt, Holman, Davis, Smith.

COSTA RICA BOUND

Miss Mae Fry, Reg. N., daughter of Mr. Charles Fry, Temperance St., has left for Costa Rica, Central America, where she has accepted a post on the staff of a large U.S. firm.

WINS RADIO

C. S. Nisbet was the winner of a mantel radio at the street dance conducted by Richmond Hill Lions club.

Swamp Markham 20-1, Aurora Enters Second Round Of Play-Offs

Aurora midgets rode roughshod to victory on Friday evening to swamp Doug James' Markham entry 20-1 and enter the second round of the Ontario Baseball Association playdowns. The Aurora youngsters were full value for their win and completely outclassed the less experienced Markies all the way.

Norman Stunden, Richmond Hill southpaw, and his battery mate, Mac Clement, were on the points for Leonard Simmons' clan and the smooth-working Stunden never looked better. His southpaw slants had the visitors slymied throughout and he fielded his position well.

Jack Atkinson of the Hill was in action at third base and he and Clement paced the Aurora attack with four hits each in five trips to the plate. Clement hammered out both a triple and double and his pegging was doubly accurate. Stunden gave up two hits, whiffed eight and issued three passes in six innings. Jack Andrews, another portside, finished the contest. He fanned one and gave no hits in his lone inning.

Aurora went for four runs in the first and third, eased to two in each of the fourth and fifth and blitzed through for eight counters in the sixth. Only in the second did Markham blank Aurora. Every man of the Aurora team, except Gerry Simmons, Jack Backley and Jim McDonald, got one hit or more, a total of 15 lethal blows being recorded by Scorer Bill Holloway. Markham's lone run came in the sixth, three errors being responsible. Timbers and Ringwood obtained the lone Markham hit. In the field, McGhee, R.

Simmons and Backley made fine plays.

Bell and Rose handled the game with a complaint. One of the largest crowds of the year was on hand and enjoyed the contest despite the one-sided score.

Brown started on the mound for Markham but gave way in the third to Lawrenson, a southpaw, who fared no better. Timbers was best of the visiting team who kept trying all the way.

Markham: Black, Timbers, Ringwood, Brown, Watson, Raymer, Wells, Lawrenson, Shaw.

Aurora: McGhee, McDonald, R. Simmons, Clement, Atkinson, Andrews, Stunden, Backley, G. Simmons, Cook.

Mrs. John Klees spent the weekend at Niagara Falls, Ont.

Mr. Gordon McCloskey, Providence, Rhode Island, has returned home after visiting his brother-in-law and sister, Mr. and Mrs. George Teasdale, Jr.

Mr. and Mrs. Delroy Babcock, Paul and Davis, are on a week's holidays at Lake Simcoe.

Mr. Kenneth Lonergan, Toronto, spent the weekend with Mr. and Mrs. G. A. Bunn.

Mr. and Mrs. Melville Traviss, Ravenshoe, spent Sunday with Mr. and Mrs. Edward Cole.

Miss Carol Traviss returned home after spending a few days with Mr. and Mrs. Cole.

Mr. William Burrows, Bracebridge, spent the weekend with his grandparents, Mr. and Mrs. William Belfry.

Mrs. Norman Banbury is confined to her home with illness.

Mrs. J. Underhill and daughter, Mae, of Los Angeles, Calif., are visiting Mrs. James Underhill, Catharine Ave.

Charles Harman Takes Honors At Flower Show

Scoring 15 firsts and two seconds, Charles Harman, Newmarket, a former Aurora resident, captured top honors at the annual fall flower show of the Aurora Horticultural Society. Mr. Harman's gladioli were outstanding in every class, and the sweepstakes went to a flame-colored bloom called "Wings of Song."

The show, held in the Aurora United church Sunday-school rooms, was a huge success, both by way of entries and spectator interest. R. D. Little, Richmond Hill, judged the classes and was warm in his praise of the exhibits. Miss Nellie Peterson, Mrs. F. N. Hollingshead, Mrs. John Klees, William Profit and Mrs. Len. Hall were other prominent winners.

Results were: gladioli, white, C. Harman, Mrs. C. Peterson; light red, Miss N. Peterson, C. Harman; salmon, C. Harman, Miss N. Peterson; peardy, rose, smoky, salmon and blue, C. Grades nine and ten of Aurora high school will report for classes on Tuesday, Sept. 3. Pupils in other grades will commence their courses on Monday, Sept. 9, and Principal J. H. Knowles warns that all pupils attending should be prepared for full sessions on that date.

One of the largest registrations in the history of the school is expected. There is only one change in the staff this year. Principal Knowles and the following teachers comprise the staff: Wilfred Adams, Norman Johnson, Arnold Miller, R. J. Middle, J. Gregoire, Mrs. Jean Cameron and Misses Aileen Belyea, Alberta Sinclair, Lois Spooner and Grace Griffin.

NAMED TO POST

Miss Grace Morgan, North Bay, former Aurora resident and one time member of the staff of Aurora high school, has been elected to the executive of the Canadian Federation of University Women.

NO LACROSSE

There will be no lacrosse at Aurora arena this Friday. The play-off dates between Woodbridge and Combines will be settled this week, with Friday, Sept. 6, the likely date for Combines' home game.

WINS ROSE BOWL

Mrs. F. N. Hollingshead is the winner of the Eaton rose bowl as champion exhibitor of the Aurora Horticultural Society in 1946. The points were compiled from the four shows held by the society and the exhibitors were closely bunched in the final accounting. The prize will be presented at a later date.

MOUNT ALBERT

Miss Clara Hedges and Miss Ola Hollinger, Toronto, spent the weekend with Miss Hollinger's sister, Mrs. James Thompson.

Misses Marian Stokes and Helen Oliver, Toronto, are spending a week at their homes in town.

There are a great many weeds in town which could be cut by those on whose property they are, and it would add to the beauty of our village if each did his part and did away with these unsightly spots.

United in marriage, Saturday, Aug. 24, by Rev. Logan of Bloor St. United church, Toronto, were Sylvia Ann, youngest daughter

of Mr. and Mrs. Geo. Calver, Mount Albert, and Evert Russell, son of Mr. and Mrs. Walter Payne of Hamilton.

The August meeting of Mount Albert Women's Institute was held in Mount Albert memorial hall, with a good attendance. Members of the Newmarket W.I. were guests and gave an enjoyable program.

A letter from the Salvation Army asking that a canvass for funds be held sometime in September was read.

The secretary reported two names had been sent from Christie Street hospital in answer to her request for boys who needed someone to correspond with them, etc. They are Alex. McAdam and Ralph McDonald of Christie Street hospital.

tal. These boys may be found on the main floor if anyone wishes to visit them.

A committee to look after the Blue Cross hospital plan was appointed. The meeting was then turned over to the Newmarket guests. Several piano duets were played by Misses Joan and Pauline Bovair and a quartette of ladies was much enjoyed. A paper on textiles was given by Mrs. McDonald and Mrs. Adams, taking the form of a dialogue and conducted by questions and answers.

A talk on cancer was given by Mrs. Elton Armstrong, who asked that everyone save old sheets to be made into dressings later.

Sixty-two ladies were served a dainty luncheon.

Boys and girls up to the age of 12 years no longer require membership in the Mount Albert library to take out juvenile books. The library board hopes many will take advantage of this opportunity.

All adult members of the library are requested to hand in the titles of any books they wish purchased to the librarian and the board will endeavor to obtain as many as possible.

Mrs. Frank Ross and daughter, Evelyn, who have been summer visitors at the home of Mrs. Ross' brother, Mr. Ed. Haigh, returned to their home in Winnipeg this week.

Mr. and Mrs. Gordon Burgess and family, who have been living at the parsonage for the past month, left on Saturday for their new home near New Toronto.

Miss Mildred Dike, who has been taking a summer course at University of Toronto, has completed her work and returned to her home here.

The first new house has been commenced on Victory St. which was recently opened up for new lots by Dawson Dike. Mr. Dike is building this home for Keith Stokes.

The flower show, which was to have been held last week, was postponed at the last minute because of a scarcity of flowers due to the dry weather. Since showers have come, however, prospects look a little better and Thursday, Sept. 5, is the date set for it now.

The Upper Canada Bible Society expects to hold its annual meeting here in the United church on Tuesday evening, Sept. 3. All are invited. This will be an illustrated address.

Mrs. E. Harman and Mrs. W. Campbell are spending a week at Jackson's Point.

Mrs. D. Roy Gray of Shanty Bay spent several days this week at the home of Mr. and Mrs. Steeper.

Dr. and Mrs. Lorne Stokes and John, Hanover, were in town this week at the home of Dr. Stokes' parents, Mr. and Mrs. W. D. Stokes.

New ration books will be given out at the board-room Sept. 9, 10, and 11, at the hours of 9.30 to 11.30 a.m. and 1.15 to 5 p.m. Ladies who wish to volunteer to assist with this work are asked to contact Mrs. W. L. Carruthers.

Mrs. Sarah Cain is visiting her daughters, Mrs. V. Mitchell and Mrs. Lepard, in Newmarket.

Mrs. Pryor of Kenmore, N.Y., Mrs. Ruth Cook and Sylvia, and Mr. Len. Cook of Oshawa were Sunday visitors at the home of Mr. and Mrs. Roy Carr.

DOWN THE CENTRE

Continued from page 4 in the 228 page.

Dr. C. R. Boulding and the officials of the Aurora Tennis club are all hepped up about the big tennis doubles tournament at the Aurora club on Labor Day. The event takes on the virtual role of district championships and for net followers it will be the biggest day in the district since pre-war days. While not officially connected it's all part of the legion's big show.

Aurora Midgets, district champions, now find themselves grouped in the "A" series and accordingly scheduled to play the big cities. Seems there is now no "B" series. Secretary Snyder has promised to keep the smaller centres together as long as possible, and in this case Aurora will probably meet some team from the Gray-Bruce district. Toronto Lizzies are the winners in the Queen City and don't be too surprised if the Simmons kids are tossed in against them. If the facts had been known in time, Aurora might as well have played juvenile "B" where the going is easier than in midget "A" strange to relate. The Aurora kids can be counted upon however to give a good account of themselves.

A committee room squabble has arisen in the Newmarket vs. Stouffville series we understand, but we'll have to refrain from comment until all the facts are at hand. According to what we hear Newmarket protested the first game at Stouffville because Forge of Markham hadn't had his certificate passed by the O.B.A. There is no question of age or eligibility other than this. If the game is thrown out, Newmarket is one-up with one to go. If not the series is tied and will go to neutral grounds, probably Aurora next Saturday. Better watch the news columns of The Era and Express for details. Incidentally, Tommy Dales pinned back the ears of the Stouffville hitmlths as we predicted, much to the delight of the Newmarket fans. We'll still take a ticket and give odds

on the Haskett boys. Sunderland and Cambray were tied and ready for a third game in the Tri-County league finals at last reports. Lloyd Tamblin, former Sunderland and Waterloo senior hurler, is doing the pitching for Cambray and despite striking out 21 batters, lost the first game to Sunderland.

Tom Welsh, 18-year-old son of "Tiger" Welsh, tourist minister in the Ontario government and former Sunderland official, was the winning pitcher for Sunderland.

Anything can happen in baseball judging by the Milton-Alliston juvenile series. In Milton, Alliston was defeated 36-1, a near record score. Back at Alliston the Simcoe county boys evened the series 13-9. It just doesn't seem to be possible that there can be such an upset of form, but there you have it. It's the uncertainty that keeps sport alive on all fronts.

Woodbridge and Combines will meet in the semi-finals of the North York league, with the second-place Maple club getting the bye. If Combines are able to field their regular team, it's anybody's series. The dates unfortunately have not been set at this stage, but will be announced late this week, probably Woodbridge next Tuesday and the return game in Aurora on Sept. 6. Watch the posters. Meanwhile there is the problem of an O.L.A. entry worrying president Rowntree. It is proposed to take six players from Woodbridge and the rest from Combines and Maple to represent the league. Woodbridge, on the other hand, wants to carry on with their regular team and add a minimum number of players. The O.L.A. entry will likely play its home games in Aurora arena. Squabbles unfortunately seem a part of lacrosse. We hope things can be ironed out satisfactorily. The fans definitely want the North York championship settled and the O.L.A. series too. It can be worked out without delay if the boys will not be pig-headed in the matter.

Bucko McDonald, M.P. for Parry Sound and one of On-

tario's greatest lacrosse players, has signed to play for Huntsville in the O.L.A. series. The Huntsville team, with this addition, will go a long way in the hunt for the intermediate championship. Aurora kids and Maple are tied for the league leadership again in the midget series, and any of the other three teams can make the play-offs still. School opening will cut down the length of the series, which will be decided early in September.

Hubba, hubba (and still another hubba). Next week the North York sports fans have a new bit of interest at hand. Montreal Alouettes of the Big Four are going to be practising and quartered at Aurora for two days to prepare for their game against Toronto Argonauts on Sept. 7 and that they'll get a big welcome goes without saying. Lachrymose Lou Hayman, one of Canada's most colorful coaches, will pull into Aurora with a party of 40 a week from today, fresh from their games against Winnipeg Blue Bombers, and will practise at Aurora twice on Tuesday and Friday. Get out those prettiest ribbons gals! Hand me down my walking cane and shoulder pads Elmer! Put the welcome sign on the door-mat.

**WE'RE WORKING AGAINST TIME
... in more ways than one**

Every time you lift the receiver to place a call, it challenges us to rush it through; we don't like to keep people waiting. But sometimes delays can't be avoided, even though every last piece of available telephone equipment is on the job, handling more traffic than it was ever built to carry.

And that fact is directly related to our other battle against time—our big building program. Every addition to present facilities hastens the day when we will once again be able to handle every call as promptly as we would like. Construction and installation of additional telephone equipment are going ahead just as fast as the supply situation permits.

We've got it marked "Rush"!

Do it the Easy Way with

**PURINA
PIGTAB GRANULES**

NO CATCHING ... NO HOLDING ... JUST MIX WITH THE FEED
AND YOUR HOGS WORM THEMSELVES

HERE IS WHY WORMS CUT PROFITS

1. Pigs take young worms in through the mouth from dirt in pen and from sow's udder.
2. In the intestines, young worms pass into the blood stream and thence to lungs and other vital organs. Death losses sometimes occur.
3. Growing worms, coughed up from lungs and swallowed pass into the intestines.
4. Worms develop to maturity in intestine eating feed you intended for the hog. More feed is required ... hog's growth is slowed down ... grade is generally lowered.
5. Mature worms in intestine lay eggs which are passed out and contaminate the pen.

YOU OUGHT TO KNOW ABOUT
Purina Chek-R-Ton
(Easy to use flock treatment)

GROWING PULLETS, laying hens, and growing turkeys often need a "lift" about now, to keep them coming full speed ahead. Mixing Purina Chek-R-Ton in their mash, a "flock treatment" for one week, gives them that lift.

It's easy to administer—since all you have to do after mixing is to give them their feed as usual. It's economical—costs only about 2½ cents per bird. And it makes a real difference in the way they take hold.

Knocks out large round worms.
Improves appetite.
Regulates bowel action.
Adds Vitamins B and C.
Helps birds snap back after coccidiosis, enteritis, or blackhead—not a cure, but helps speed up recovery.

GOODBYE SUMMER

By **GOLDEN GLOW**

Isn't it queer what a few
chilly days can do to us? This
Canada of ours can certainly
give us swift changes of weath-
er.

Wild fowl have been seen fly-
ing north. Now why? Did they
know we were in for a cool
spell a while back and so came
south for it? And are they now
returning north as the warm
weather returns? Ever so many
people saw them flying.

If anyone can tell us what
that portends, please do so. The
robins which left us in large
numbers are now returning one
or two at a time, no doubt they
will be gathering up for their
trip south very soon now. They
leave fairly early, you know.

But the weather-men sure did
make us all scurry round. We
began to scrutinize our nearly
empty coal-bins, and long for an
oil burning furnace. We all
madly phoned our coal dealer
for prospects on an early de-
livery of our standing coal or-
der. We hurriedly started on
an annual fall house-cleaning!
Kitchen stove pipes must be
cleaned before a steady fire is
started if we are lucky enough
to still own a kitchen range. We
gingerly tackle the curtain
problem—for we fear if we ever
touch curtains and something
dire happens, how are we ever
going to replace them? (Do I
hear someone say "Get Venetian
blinds!" Well you'll want drapes
and they also are not easy to
buy).

We do up pickles and chili
sauce and if we have the sugar,
fruit as well. We have had
such a grand abundance of early
apples, and nobody need go
without their favorite apple
sauce this year, and apple pie.
How we did miss the apples
last year so no wonder we revel
